ROAD HAZARD COVERAGES AND LIMITATIONS OF LIABILITY

This Membership provides for the repair or replacement of the **Vehicle's** tires and wheels which, during the term of this Membership, become **Unserviceable** due to a **Road Hazard** covered under this Membership. **Unserviceable** means that the tire has been punctured or otherwise damaged to the extent that it is unsafe, or that a wheel will no longer hold a seal with its tire. Tire and/or wheel damage that is cosmetic in nature and that does not render the tire and/or wheel **Unserviceable** is specifically excluded. A **Road Hazard** is a condition on a public roadway which should not exist there, such as potholes, nails, glass, or other road debris.

- **FLAT TIRES:** You will be reimbursed for the reasonable costs You incur to repair a flat tire caused by a **Road Hazard** while operating the **Vehicle** on public streets and in a legal manner.
- **TIRE REPLACEMENT:** You will be reimbursed for the reasonable costs You incur to replace a tire, only if a tire covered by this Membership becomes unrepairable due to damage caused by a **Road Hazard**. This coverage is valid through the tread life of a tire (2.38 mm or less is excluded) and replacement will be made with a tire of like kind and quality to the original tire.
- **WHEELS (RIMS):** You will be reimbursed for the repair or replacement of wheels rendered **Unserviceable** due to a **Road Hazard** covered under this Membership. We reserve the right to have damaged wheels repaired at **Our** cost by a service provider of **Our** choosing. We further reserve the right to replace the damaged wheel at **Our** cost with a remanufactured wheel of like kind and quality to the wheel that was damaged by the covered **Road Hazard**. We will cover wheel replacement only in the event that the damaged wheel cannot be repaired.
- **MOUNTING AND BALANCING:** You will be reimbursed for the reasonable costs that You incur for mounting, balancing, valve stems, and tire disposal for any tire replaced under this Agreement. However, charges for pressure sensing devices and unspecified charges for shop supplies are excluded
- **TAXES:** You will be reimbursed for the cost of taxes for any tire or wheel replaced under this Membership.

MEMBER RESPONSIBILITIES: You must maintain proper air pressure in all covered tires. Tires should be checked monthly for proper pressure, signs of dry rot, improper wear, and tread depth less than 2.38 mm. Any conditions that cannot be corrected demands replacement for the safety of the **Vehicles** occupants. Replaced tires are covered for the time remaining on the Membership.
